3 Generations of *Landscaping Excellence*

Mr. Mittesh Gaiwala

Founded by **Shri P.M. Gaiwala**, a pioneering horticulture consultant, we have grown into one of Mumbai's most trusted names in landscaping, with a legacy of **85+ years**, rooted in quality, trust and precision. Expanded by **Mr. Sanjiv Gaiwala**, the firm has served industries, institutions and premium residences, including esteemed clients such as **Mr. Amitabh Bachchan** and many others.

Today, **Mr. Mittesh Gaiwala** leads **GreenLands Horticulture LLP** with a progressive vision, delivering end-to-end turnkey landscaping solutions supported by a skilled team of landscape architects, horticulturists and expert gardeners. With a strong commitment to timelines, budgets and excellence, he continues to build on our legacy while shaping its future through the next generation.

Plan The Scene for Green

Landscape Consultancy

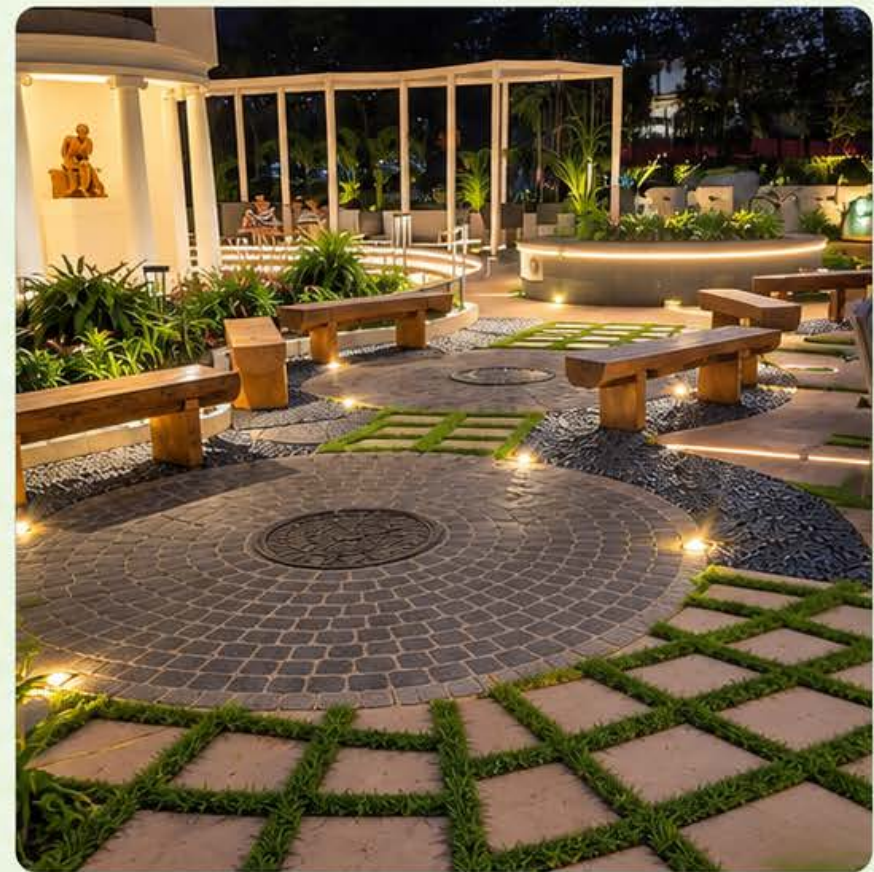

From designing and tendering to vendor selection and execution of work, our team ensures that the work is completed within the given time frame & budget.

Landscape Design

Our expert team creates detailed 2D plans and 3D visualizations to help you clearly envision the transformation of any space into a beautiful green zone, while keeping your budget, space, and preferences in mind.

Plant Nature Into Every Space

Landscape Development

Once the design is approved, our team brings it to life, beginning with the hardscape, fabrication, lighting, water features, and any required civil work. The final touch comes with the softscape, where we add the plants and greenery.

Terrace & Podium Landscapes

Reimagine rooftops and podiums into serene green retreats. With lush lawns and tranquil water bodies, we reshape underutilized spaces into vibrant, refreshing, and oxygen-rich green spaces.

Vertical Gardens & Moss Walls

Transform your interiors and exteriors with lush green vertical gardens and preserved moss walls for a refreshing ambience with innovative, low-maintenance, and hassle-free solutions.

Preserve The Beauty & Bounty of Nature

Landscape Maintenance

Our team of horticulturists, supervisors and gardeners ensure your gardens receive the care they need. With specialised routine care, seasonal adjustments, pest control and more, we keep your gardens lush, healthy and thriving all year round.

Play On Safer Grounds & Stylish Gardens

Children's Play Equipment & EPDM Flooring.

We design and build colourful, engaging play spaces where children can run, jump and play freely without worry. Our durable, shock-absorbing EPDM surfaces reduce risks of skids and falls, offer weather resistance, and provide safer, softer landings for your little ones.

Garden Furniture, WPC Decks, Flooring & Pergolas

Step out to stylish, weather-resistant outdoor furniture, pergolas, and premium WPC. We enhance your garden aesthetics with durable and eco-friendly solutions, turning them into luxurious and functional living spaces.

Plants On Hire

Create a calming and refreshing atmosphere in offices, events, and commercial spaces without permanent commitment. Choose from a wide variety of plants and flexible rental plans with maintenance and replacements when needed.

Near To Nature

Not every space has the luxury of sunlight, soil, or time. But that doesn't have to stop you from experiencing greener living. Our artificial grass, plants, trees, walls, and turfs bring a lifelike touch of nature wherever you need it, with minimal maintenance and evergreen appeal.

Our Garden Centres

Breathe, Browse & Bring Nature Home
India's Biggest Garden Centre in a Mall.

To cater to the growing retail demand for greens and bring the freshness of gardens into space-deprived homes in cities, we started our retail division 'The Garden Boutique.'

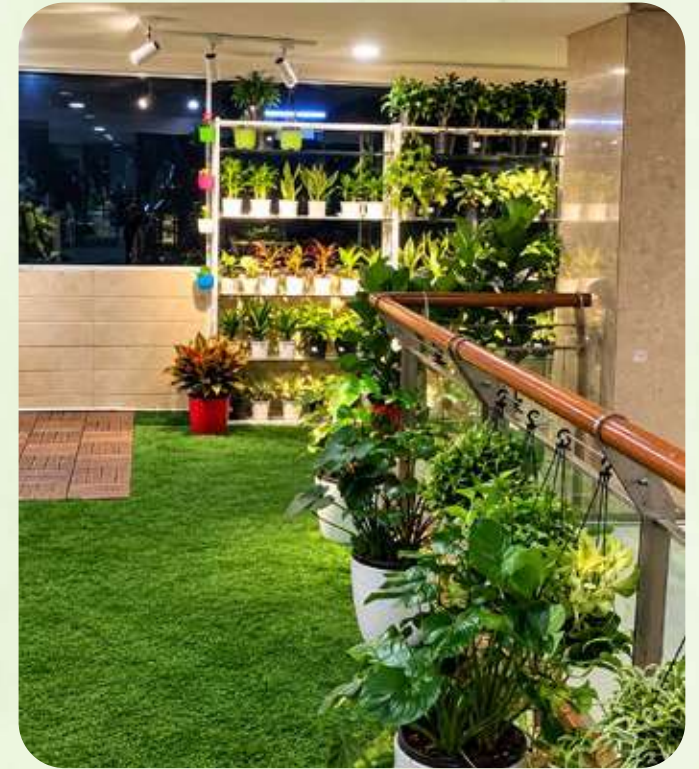

| Explore India's largest garden centre in a mall at Inorbit Mall, Malad. Feel the atmosphere change as you step inside our plant-lovers' paradise. Discover exotic air-purifying plants and beautiful garden accessories, inviting fresher air, a cooler indoor atmosphere, and a luxuriously calming ambience to your home or office.
